- c. Withdrawal from classification. In the event that a portion of a parcel is removed from classification, the remaining portion must meet the same requirements as did the entire parcel when such land was originally granted classification pursuant to this chapter. Within seven days the county assessor shall transmit one copy of such notice to the legislative body which originally approved the application. The county assessor or assessors, as the case may be, shall when two years have elapsed following the date of receipt of such notice, withdraw such land from such classification and the land shall be subject to the additional tax due under RCW 84.34.108, Provided, That agreement to tax according to use shall not be considered to be a contract and can be abrogated at any time by the legislature in which event no additional tax or penalty shall be imposed.
- d. Exploration for oil, gas or other minerals shall not be considered a change in use of the property. The extraction of oil, gas or other minerals from the property shall be considered a change of use of the property, unless the property owner does not have an interest in the mineral rights of the property, and the structures, openings and activities involved in the extraction of minerals in no way diminish the open space and/or recreational characteristics of the property.
